Parent Survey – Your Voice Matters

Dear Parents and Carers,

We'd like to remind you about our annual parent survey and encourage you to take a few minutes to share your views.

This survey is an important opportunity for us to understand what is going well across the school and where we can improve. Your feedback directly informs school priorities and planning for the year ahead, as well as helping us review how we are working as a Trust.

This year, we trialled something slightly different by working with Parentkind and using their "parenting style" survey. The intention was to offer both an opportunity to learn more about your own parenting approach as well as provide feedback about the school.

However, we recognise that this approach has not worked as well as hoped. We have seen a higher number of partial responses, and some parents have shared that they prefer the previous, shorter survey aligned more closely with Ofsted-style questions.

In response to this feedback, we have now also made the original, shorter survey available. You can choose whichever version you would prefer to complete.

The new shorter survey link is [Parent Survey 2026](#)

What matters most is that we hear from as many parents and carers as possible. All responses are valued and help shape our next steps as a school.

Thank you in advance for your time and support.

Yours sincerely

Elmhurst School
