

CAN WE CAPTURE SUMMER?

Curriculum Content: Children will explore and investigate their natural surroundings which will support them in creating their own interpretation of Summer. They will be inspired to experiment with movement, sound and story-telling; combining natural materials with the more traditional instruments and props. The children will have the opportunity to explore and construct with a vast range of natural and man-made materials, allowing themselves to build on their skills and take ownership of their learning by representing their own ideas in their own way. The children's learning will be heavily linked with the season of Summer and family festivals and fetes from around the UK.

Support your child to learn key vocabulary from the project and encourage them to link their phonics knowledge to the word by sounding out the words.

SUMMER

Summer Bucket List

- Make lavender soap
- Bake lemon drizzle cake
- Run through a meadow
- Star gaze
- Visit an allotment
- Go camping over night
- Forage for berries
- Have a picnic somewhere beautiful

Carrot sticks and hummus
Vegetable kebabs
Waffles with jam, berries and chocolate sauce
Watermelon salad
Flatbread pizza

!Let's go fly a kite
Up to the highest height
!Let's go fly a kite and send it soaring
Up through the atmosphere
Up where the air is clear
Oh, let's go fly a kite!
