

IF I FOLLOWED A BIRD, WHERE WOULD I GO?

Curriculum Content: Children will learn the features of birds, how they move and where they could go. This will expose children to different places, habitats and environments, igniting their imagination about places they could visit themselves.

Support your child to learn key vocabulary from the project below.

Book Ideas

A Nest Is Noisy by Dianna Hutts
Aston and Sylvia Long

Bird Builds a Nest: A Science
Storybook about Forces
by Martin Jenkins

All Kinds of Nests!: Birds (Science
Storybooks) by Eun-Gyu Choi

NATURE WALK

Take a walk locally and look up
at the trees to see if you can spot
any nests.

Collect

Twigs, leaves and grasses to
make a nest.

RECIPES TO TRY

Make chocolate nests by melting chocolate and mixing in shredded wheat cereal.
Leave to set over night.
